

And the Award Goes To.....

Mercury M100XF

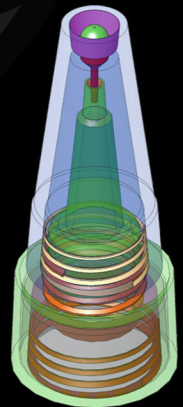

The Worlds Highest Performance CA

At the recent Southeast Electric Flight Festival (SEFF), 286 of the worlds top pilots gathered and voted on the best new product release. The new Mercury Adhesives High Performance M100XF CA was awarded top honors.

Mercury products are the only USA manufactured CA this means quality and freshness. No one can match the Mercury Science and to back it up, each product carries an unconditional 2 year warranty.

Have you been frustrated, fed up or just plain mad that the stem on your glue bottle is clogged? Mercury caps are designed with a pin built right into the tip and screw on and off instead of the usual push on and pull off. No more clogging up, No more hardened CA, NO MORE FRUSTRATION!

ATTENTION RETAIL SHOPS AND DEALERS

The Mercury line is over 25 products strong including the industries Highest quality CA's, Epoxies and Thread lockers all in unique dispensers. Mercury Products are only sold by local hobby stores. Hobby shops should visit the website or call for all of the details but hurry as you don't want to miss out on the highest quality (and profitable) Mercury line that is backed by real science.
